

PREMIUM PRODUCT

HK EXTREME TV OUTDOOR

Endures direct solar light and high temperatures, resistant to reflection. Image clarity guaranteed. This product has independent pixels that illuminate themselves without the need of a source of illumination, which allows it to create the perfect black tone and consume low energy. Doesn't require a frame, allowing perfect vision. Inorganic components that don't wear off.

ENTRY LEVEL:

-  Low consumption
-  Super light
-  High resistance cabinet
-  Outdoor product
-  Spectacular colors
-  Wide viewing angle
-  Format 16:9
-  High refresh rate
-  Double side lock
